The Moshers in New Zealand

Wellington has finally received the memo that summer is here. At the moment, we are enjoying a summer rainstorm, which New Zealand has needed. We have also enjoyed the summer sunshine as of late.

Camp Season

With summer in New Zealand also comes camp season. So far, three congregations have hosted camps on the North Island. We have only been able to attend one, which was Palmerston North's. Their theme was "Matters of First Importance (1 Corinthians 15:1-4)." I spoke on the resurrection of Jesus.

Speaking of camp, the local workers met together this past week and started planning for the Porirua church's annual Queen's Birthday Weekend Camp. It's going to be great this year!

ZCF

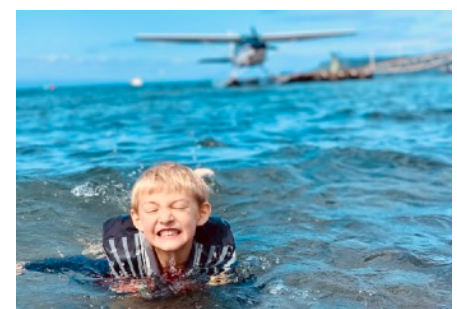

Pau and I continue to develop our friendship around Bible study. I was invited once more to preach for the congregation he works with. I preached on obedience to the gospel. Despite the language barrier, I believe everyone understood what the Bible was teaching them. I have not heard much from them since, but I hope they have deeply considered the need to reject man-made "salvations" and embrace the gospel of Jesus. We are already talking about the next time I can teach them.

Silas has been discharged from the eye doctor's care!

Ongoing Studies

Our evenings have been booked up, as we now have ongoing studies with eight people, and we may start a weekly study with another couple. Out of those people, six of them are non-Christians that we hope will obey the gospel soon. It seems slow going with them all, but progress is made each time we study. Please pray for them all.

Lance Mosher Books

A couple of weeks ago, I announced through my [other newsletter](#) that I am writing a new book! [Read the announcement here](#). The book is called *Searching for Brandon Bason*. It is novel, and in addition to entertaining people, it will also teach them the gospel of Jesus Christ (similar to my first book, *Transformed*). I hope to release *Searching for Brandon Bason* by this time next year.

For those who are current with pop culture, pray for NF, who was in New Zealand last week. He went home with a personal copy of *Transformed*. [Read more here](#).

Topical Bible Studies

I have released two new videos on my Website/YouTube channel:

- [God Demands Obedience \(John Grubb\)](#)
- [How Do You Obey the Gospel of the Death, Burial, and Resurrection of Jesus? \(Kent O'Donnell\)](#)

I am working on the manuscript for two more. One is on the Christian perspective of abortion, and the other is on whether or not Christians should observe the sabbath.

Make Disciples Training Program

Starting the first week of March, I'll be teaching another 10-week course of the Make Disciples Training Program. I am involving some people in the USA who are interested in becoming instructors. There's room for a couple of more. If you're interested, let me know as soon as possible.

Bear Valley Bible Institute-New Zealand

The Christian Evidences course went really well last month. Nathan Franson was the primary instructor, but he also involved Nathan Liddell, who is on the board of [The Daily Apologist](#).

This month, the students are studying 1 Thessalonians with Trevor Major.

Family News

At the beginning of February, our family took a quick trip up the North Island. We visited Christians along the way and had a good, quick holiday.

In November 2018, Silas had a small fleck of metal lodged in his eye. After emergency surgery, the nightmare was over. There remains a scar over his pupil, and since then he has had to wear an eye patch for part of each day and regularly visit the eye doctor. His eyesight is now balanced, and the doctors have discharged him from their care!

We are blessed beyond measure to be doing the work we love in New Zealand. We know it's because of your prayers and sacrifice. Thank you; thank you! We don't just thank you; we also thank God for you daily. Keep up the good work.
