a ministry of Dalraida church of Christ

Photo: The wonderful brothers and sisters who partner with us in Holly Springs, Mississippi!

For many years our multi-talented Jerry Max Morgan has served our Lord in many locations. I am thankful he is a partner in our efforts in shipping humanitarian aid, and I am especially grateful for his efforts in Ukraine. Jerry is joined with his son-in-law Jerry Moore in coordinating our efforts with the churches of Christ that join in supporting the efforts in Holly Springs, Mississippi.

Thus far in 2020 Holly Springs has accomplished an amazing amount of work for the Lord. They have collected, sorted, packaged, and loaded containers that shipped commodities to: North Carolina, USA (supplied COVID-Field Hospital operational equipment for a 70-bed field hospital unit); Guatemala, Ukraine. **This energetic group has help us reach these totals thus far in 2020: 15 containers shipped; 292,610 pounds sorted, packed and loaded; accumulated a total value shipped of \$3,198,631.25!**

All is done on a voluntary basis! THANK YOU!!

## **AUGUST 2020 UKRAINE MISSIONS NEWSLETTER PART TWO!**

The 2020 August UKRAINE NEWSLETTER Part TWO is now ready for you to read! There was a great amount of news reported during August. We previously sent Part One and now here is "Part Two."

The Church in Ivano-Frankivsk continues to work in the community. The impact of this is evident in a number of positive developments reported from the Regional level and also from neighboring Regions in the west.

We continue sending updates on other actions that are not included in this month's newsletter. Be sure to check the website often.

***“Please share with me how to get people to put away their social media and study God’s Book. It is sad that many seem to love the Facebook more than they love the Bible.”***

August 2020...PART TWO! Here is the second part of the August UKRAINE MISSIONS Newsletter. The month was filled to over-flowing with a number of encouraging actions. Instead of deleting some of the information I decided to split the month’s report into two editions. As you read, I know you will rejoice in the great good that was accomplished for the Lord. There were a number of successes as well as many challenges.

The COVID-19 pandemic continues to impact the world and thus affects the Lord’s congregations worldwide. Our brother Emmanuel gives an update of the situation in Ghana. The various reports from Ukraine also provides insight to the pandemic situation in that nation.

At the end of this newsletter you will find a link to a very critical issue facing the Lord’s Church—Satanic war disguised as “social injustice.” There is linked a revealing article that cites the Co-Founder of BLM. These comments clearly state, “We’re not just having a social justice movement, this is a spiritual movement.” The “spiritual movement” is devoted to Satanic forces. You need to read and search the veracity of this evil that has been embraced by politicians, corporations, sports venues, and even churches! The subtlety of this evil’s design is as crafty as the evil one who directs it!

## ***RUSLAN SKOLEBA’S REPORT ON AUGUST!***

Greetings dear friends!

I am thankful to God who gives us strength to serve Him at such challenging times. Besides, big thanks to you for your full-fledged support.

The information as far as COVID is subject to change constantly here. There seems to be no definite accuracy. The zones of infections are being updated but these updates are always different depending on the situation in the city, village, region, etc. But, in spite of all the uncertainty and constant change, we continue to assemble on Sunday and Wednesday. Those afraid to be outside and come to in-person assemblies, always worship with us online.

We hoped so much that the virus would be gone soon and you would come to visit us this summer. Everybody is sorry that you could not come on your usual schedule and is sending their greetings. It is our prayer that you come

## GHANA!

Hello greetings from Ghana.

Hope by His grace all is well with you and the entire family. By His grace my entire family are doing well except my mother whose Cataract surgery keeps postponing due to the Covid-19. Currently all elective surgery has been postponed in our country.

By His grace I have started my 6 months preparatory program which involves both clinical attachment at a Hospital and classroom guidance. I was finding it difficult to find a place in Accra but by His grace, an old friend got me a small place to lodge for this week. The Exams will be conducted next year, February Lord willing. After the Medical Board Exams in February 2021, I will have to do 2 years mandatory Housemanship Training before I can start my Surgery Residency Program Lord willing. I am working small to raise funds alongside my Exams preparation in order to support family financial needs.

Please the Covid-19 situation in Ghana is far better now: Infected Cases-45,493; Recovered Cases-44,471; Active cases now-733; Death-289

I continue to keep you, your good works and your entire family in my daily thoughts and prayers. Hope and looking forward to the day we will meet again Lord willing. Thank you for your agape love, prayers, guidance and support.

In His service, Emmanuel

when you can because your visits are so important to the work not only here but throughout our nation.

Please, pass our love and greetings onto everybody at Church.

We yearn to have fellowship with you.

May God bless you and your families.

### ***PAVOL SENDS NEWS FROM AUGUST...***

Love and greetings, my dear brothers and sisters. May peace, love and grace be with you always. As I pray to the Lord, I always thank Him for you and your prayers. I ask the Lord to give all of us wisdom, love, understanding and desire to help our neighbors so that we can be better laborers in God's Kingdom, gather more treasures in Heaven, and save souls that need God, His love and mercy so much. Here is my report on the work done in month of August.

I am involved in teaching evening Bible classes and serving in Sunday assemblies when we worship our Lord. Besides, I have part in the busy life of the Church, meetings with people to encourage them in spirit. I also help our members with their domestic needs as much as I can. It is so wonderful to hear words of thanks and to realize how much you can serve others with your God-given talents.

We still have humanitarian aid to give out from the container that we were finally allowed to distribute. We distribute the things you sent telling people about the great Creator who opened our hearts for good deeds like that. Our hearts rejoice so much when we see new faces at Sunday worship services and in evening Bible classes. And I trust with all my heart that they will make the right choice and join God and His army instead of Satan and his cohort. I would like to thank all of you for the containers you put together and ship to Ukraine. The shipments are given out to those in need regardless of their situations in life. Those who are in greatest need are our first concern.

I continue teaching the correspondent courses to my students. It is amazing that I come across something new in the Bible all the time. It is nice to see the desire and zeal in people to study the Word of God. At the same time, it is sad to see some giving up to worldly things that prevents them from having time to study the Scriptures. I pray for the Lord to give them wisdom to understand there is no need to cling to only worldly things that are perishable but it is more important to follow our God because our final destination in eternity will depend upon the choice we make now. But overall, studies go well. Please share with me how to get people to put away their social media and study God's Book. It is sad that many seem to love the Facebook more than they love the Bible.

We look forward to your trips to Ukraine to resume so we can evangelize together. Brethren, please, pray together with me for the Lord to add to His Church as many people as possible.

May the Lord bless you in all you do and may you enjoy good health and growth in spirit. I always keep all of you in my prayers wishing good health, God's love and grace to you and yours.

In Christian love, Brother Pavlo

## DENNIS SENDS NEWS FROM BELA TSERVKA

Dear brothers and sisters in Christ,

In this letter I'd like to share with you some news of the events that took place in July and the beginning of August.

The warm summer weather is now and it's the time for summer vacations. However, this year so many people are afraid to leave the security of their homes and there are still some places where churches congregate with reduced attendance. The quarantine is still recommended and the government divided the territory of Ukraine into a few zones. If the number of cases is still very high in a certain place it's declared a red zone, and the whole city infrastructure is shut down except for the grocery stores. The government decided that the school year will start as usual but if the number of infected students grows the schooling will return to the online mode. For this reason, the classes for the second-year students will resume in Bela Tserkva as usual and I hope the students will arrive safely. But we won't have the first-year students this time. First of all, our recruitment efforts were very limited, and, secondly, people don't feel safe moving to a different place fearing COVID 19.

I will also share with you the news about our students' summer practice.

Ilya Zhuravlev work in Brovary alongside his father who is the local minister organized a summer retreat for their congregation in one of the neighboring villages called Pukhovka, and two women were baptized as a result. Ilya teaches youth group and takes part in worship services.

Nazar Semikoz had his summer practice in Brovary and Slovyansk. His dad is a minister in Poltava. He also helps his grandfather who is a minister in Liman by teaching the Bible classes on-line.

Bogdan Antipenko has his summer practice in Bela Tserkva. He taught Bible classes and helped with maintenance and routine chores. We attempted street evangelism as well by distributing Christian pamphlets and invitations.

Marianna Medvid is our student from Ternopol where she teaches women and children. The congregation baptized Irina and Marianna spends a lot of time with her, doing follow up teaching.

We are thankful to all congregations who support the work of the Bible Institute. We are thankful for your work and your trust in our Ministry during this most uncertain time. May God bless you and keep you safe.

## BLM EXPOSED AS SATANIC SPIRITUALITY...

[ALEX NEWMAN: "HAIL SATAN"- AFTER TERRORIZING CHURCHES, BLM WITCHCRAFT EXPOSED](#)

Worldly governments have historically been controlled by Satan to accomplish his evil mission. John wrote about this to the beleaguered readers of The Revelation who faced the persecutions of Rome, the "Beast from the Sea." Inspiration exhorts us from Paul's pen in Ephesians 6:12, "*For our struggle is not against flesh and blood, but against the rulers, against the powers, against the world forces of this darkness, against the spiritual forces of wickedness in the heavenly places.*" (See also 2 Corinthians 10:3-5).

This war is present today. Satan craftily plays upon man's naiveté to delude, invade and subjugate the eternal soul to eternal damnation. In the above title is a link that reveals a current ploy of devilish design. Please read it carefully! Here is the beginning excerpted...click on the link for the full article!

*"There is now proof that there are very dark forces behind Black Lives Matter, and it's not just the blatant Marxism of its founders and leaders. The darkness literally includes summoning dead spirits and allowing them to work through BLM leaders. Sound crazy? BLM bosses admit it...Clues about the true nature of BLM have been available for quite some time. Last month, Black Lives Matter activists **terrorized church attendees** in Troy, New York, while chanting "hail Satan." They even shrieked at black families and young mothers trying to get in the building...Now, **newly released audio recordings reveal** the occult practices, ancestor worship, African paganism, and literal witchcraft of at least one of the national group's co-founders, as well as the founder of BLM's Los Angeles chapter. Apparently, the entire George Soros-funded leadership of BLM is involved in these practices as well.*

*"In the audio, BLM co-founder Patrice Cullors, who **boasted in a TV interview of being a 'trained Marxist,'** revealed that she is also consulting spiritual entities and allowing them to 'work through' her. 'I'm calling for spirituality to be deeply radical,' she said. 'We're not just having a social justice movement; this is a spiritual movement.'"
