My few thoughts

In the midst of the covid-19 pandemic in the world, another three months has been passed away and we are one last quarter distance for the end of this year 2020. As Job said, "My days are swifter than a weaver's shuttle", I think in this year days and months are passing the same. I believe the covid pandemic taught us many different lessons to each and every person around the world. In this rocket speed generation, mankind is very busy in their worldly things, trusting on the worldly pleasures and hope. Man in the way to attain of his worldly growth, development and success, he forgot how importance is the life on this earth. He forgot to seek and search the living God, who is reigning and controlling entire universe. Through this pandemic God of living, given a great opportunity to all the men and women to think how precious is the life which God has given. As writer of the Hebrews said "And as it is appointed for men to die once, but after this the judgment". God of all wisdom and knowledge given opportunity to every man and women in this present time, to disconnect from worldly things and make themselves to connect to Jesus, who is the way, Truth and Life

They are so happy to attending in our online bible classes and confessed their way of worship is wrong in the past and my things they confessed that they have to be changed and if Lord willing they are soon going to be baptized into Christ for the forgiveness of their sins.
