October Report:

Due to heavy rains and floods in the month of October, I did not have the chance to go outside and visit different villages to preach and teach the Bible. In Hyderabad city in the month of October and November we experienced a historic rainfall. Due to heavy rains and floods thousands of families in the city and in surrounding districts in the state had been badly affected. Thousands of families lost their homes and all their household things and there are 200 above people were died in the state. My family also been affected by the heavy rains in the month of October. My house has been drowned in the flood water for whole night. We had vacated the house and stayed in the church building for two days

Though I 'am interrupted due to rains and floods, i got the opportunity to preach the gospel of Christ through online Zoom App. And also conducted four days preacher's bible classes with gospel preachers and denominational preachers.

November Report:

As soon as the floods and rains been stopped and when the normal life had been restored after the continue rains, I travelled to five different villages to preach the gospel of Christ. I visited the villages in Nizamabad, Nalgonda districts, which are three to four hours journey from Hyderabad. With the help of our evangelistic efforts in the month of November, three families had been restored in their hearts and minds and brought back into the one True Gospel of Christ. And during my four days stay in that villages, I got the good opportunity to study the bible with 15 denominational preachers, though they are not accepted the things which I had taught them from the bible. But they invited me to have further study and discussion in the month of February2021.

December Report:

In the month of December, I preached the gospel of Christ in eight different villages in Prathipadu, Pithapuram, Chinthapalli, Aruku. My wife Prasuna and my two children also joined with me in this mission trip. During our visit we got number of opportunities to study the bible with different groups of people. We studied the bible with Idol worshippers, denominational families and preachers and with the members in the local congregations in different villages.

Through our outreach village evangelistic efforts there are five souls has been obeyed to the gospel of Jesus Christ and baptized into Christ for the remission of their sins. And through our efforts, two Christian families also been restored in their spiritual life and they repented for their sins

Along with preaching efforts, we also did some benevolent work among the needy families in the villages.

1. We distributed some Rugs(Blankets for winter season) to the needy and poor families, which will help them to overcome from the cold during the night time.
2. We also distributed 50 above Holy Bibles freely to the newly converted men and women and to the needy individuals in the different congregations.
3. Given some money as one time help to the five preachers who are in great need and struggling to feed their families. From the time of Covid-19 pandemic, many preachers and their families had been affected badly due to the fall in the church income

- Pray for some funds to build small sheds for the needy Christians to meet in their villages
- Please continue to remember the Lord's work which we are doing here in India

Always I need your prayers and help, so that God will grant us to reach many more villages to share the saving gospel among the unsaved people in my country. Once again I want to thank to all the brothers and sisters at Dalraida church of Christ for your help and support
