

Mission Report for July, 2021

Canaan church of Christ, Tobago, West Indies

Hello Beloved brethren,

The State of Emergency continues as we try to curb this virus from spreading. It has not hindered our growth or worship as we continue to take advantage of attending sessions from the entire region in the Caribbean. The following is our report for the month of July:

Period: 1st to 31st

School ministry: I have been invited to open in prayer for the school's graduation on the 12th of August. (Scarborough Secondary School)

Lessons done*: -Remember me O God (Nehemiah)

-Do you miss me?

-Fruitful in the land of my affliction (Genesis 41:46-57)

-Don't spill the wine (Luke 5:33-39)

Our family + 1

*all of these can be found on "Church of Christ Canaan" on Facebook

-I have started a 3 part class on Song Leader training, to help song leaders and potential song leaders to develop in the ministry of singing.

-We just had our Annual Caribbean Lectureship which was virtual this year but was a great success.

-Bro Michael has started a 3 part class on how to teach God's plan for Salvation. It is designed to help equip us to be able to teach our friends, families and coworkers as we go.

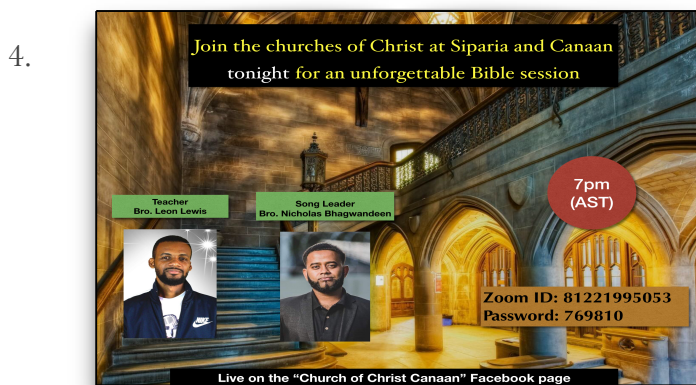

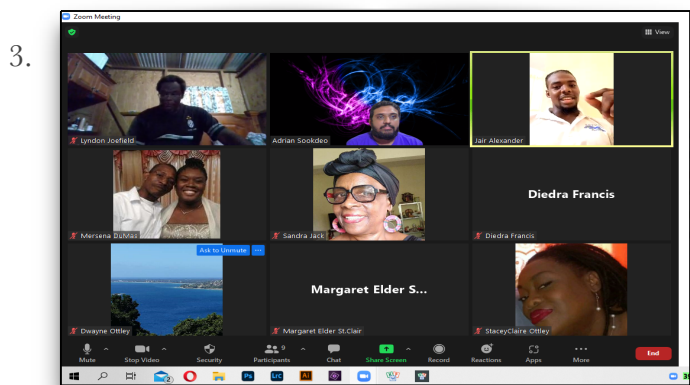

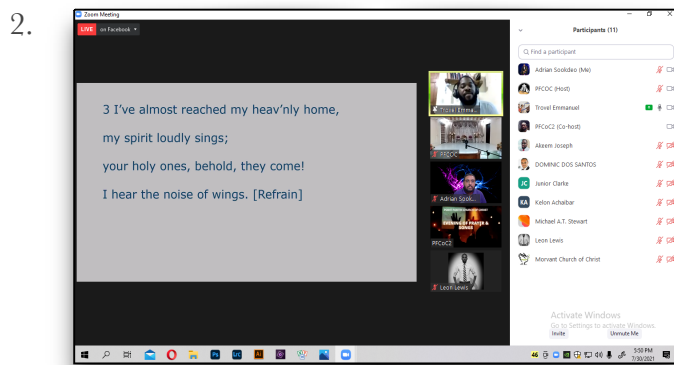

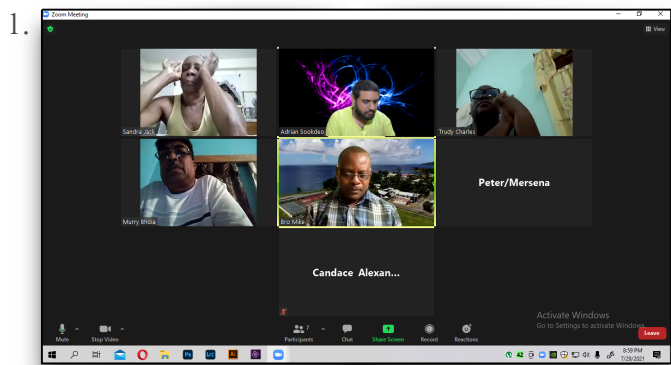

-We (bro Michael and I), conducted a review of our past 5 years at Canaan as a congregation and laid out plans to take us forward. We then met with the men and congregation to share and discuss.

-We have gotten more time to help our physical family bond and grow spiritually as well.

Continue to work with us, pray for us and support us as we work for the Lord here on the island of Tobago.

With thankfulness,

Adrian Sookdeo

1. Bro Michael started a 3-part class on How to teach God's plan of salvation for members to be equipped to speak to their family, friends and coworkers.
2. The church of Christ at Point Fortin in Trinidad hosted an evening of song and prayer (5pm-8pm). It was really amazing and well attended.
3. I am conducting a 3-part class on Song Leader training. It is designed to help song leaders (even women in their ladies' class and fellowships) develop in this ministry, giving their best and learning tips to get there.
4. The churches of Christ at Canaan and Siparia had a collaboration Bible session. It was really good and we had brother Leon Lewis teach our lesson.
