Along with gospel preachers, we also invited the various denominational preachers for the five days Bible classes. There are total 35 preachers attended for the classes. The lessons which I had taught in the three days Bible classes are

- a. Refuse not Him that speaketh from heaven  
(Lessons from the Book of Hebrews)
- b. Elders in the church and why it is important to appoint the elders in the church? Why the Lord's churches in India are failing to appoint the Elders

All the preachers who attended for the three days Bible Classes felt happy for the classes, and said that, they are blessed and profitable from the classes. Especially the denominational preachers who attended for the classes, they said that, they got clear understanding about the old and new covenants, and excepted that we are under new covenant
