Studies & Conversions 2023

There has been one soul added this year. At the start of 2023, Adrianna became a Christian. After weeks of study which turned to months, and a relocation to Nassau followed by an accident that nearly claimed her life, she decided to put on Christ in baptism. The angels in heaven rejoiced along with us! She was connected with a congregation on the island where she now lives, but struggles with faithfulness there. We continue to reach out to Adrianna and when we get through, she is encouraged to continue on The Narrow Way.

There have been four other studies completed, three targeted (one of which will begin in the new year) and five that continue and have been ongoing for an extended period, totaling seventeen active studies for the year. Those which 'drag on' are with male students. These are the ones we desire to reach most. We realized a long time ago that one in every ten studies responds positively. Still, we have evaluated the reason for the decline in response overall and have concluded it necessary to do some key things:

- 1) Get more members of the congregation in studies again;
- 2) Try a new method— House-to-House with Rob Whitacare is our selected resource;
- 3) Keep hope alive; and
- 4) continue in prayer.

2024 GOALS

The congregation's 2023 goals were:

- 1. Move into the new building.
- 2. Pursue souls as a congregation and prepare to do so (Evangelism Training).
- 3. Have an Alternative to PTP Spark in the Spring.
- 4. Conduct a quarterly Gospel Meeting.
- 5. Establish a robust children's class.
- 6. Launch Family Life Boat to reach families.
- 7. Spend time in the new neighborhood where the building is located.
- 8. Continue the Clothing Drive.
- 9. Build up the farm and add animals.
- 10. Partner with congregations to conduct VBS.

The congregation's 2024 goals are:

*To effectively
accomplish all that was
not completed in
2023*

- ⇒ We have already secured the speakers for PTP Spark.
- ⇒ We completed two Gospel Meetings in 2023 and will ensure four are conducted in 2024.
- ⇒ The materials are in hand for Bible Class and teachers are being assigned.
- ⇒ Funding for the Family Life Boat has been secured and we now have a building for the classes.
- ⇒ Visit shut-ins.

What's happening in the EMR cOe

We hope you will seriously plan to come in 2024 to work with us during VBS or to participate in SPARK! The congregation has 8 faithful Christians and eight children. Due to our small size, more hands are always welcome to help in accomplishing the lofty goals set out.

Each year we have had a marriage retreat but were not able to have one in 2023. We are planning to have a one-day seminar in February 2024 as an alternative. Couples who are not part of the congregation will be invited and we hope to reach families through the effort.

The building is not 100% completed, but kind brethren have offered to aid us in this project. We are just thankful for a safe environment in which we can worship. The auditorium fully operational and we have one useable classroom with two working latrines. Showers, kitchenette, my office and laundry are the only pending items.

**PTP
SPARK**

Each year since the work was started, we have tried to conduct the same PTP Spark but without success. This year we hope to be able to execute. The congregation is excited about having Greg Dismuke, Eddie and Jeanie Gilpin with us. We hope to inspire the community to partake in the rich lessons and opportunity for growth.

Hanna Family News

We are in Birthday season. This year ages are:

Legacy	September 5th	10 years -Celebrated!
Providence	October 26th	7 years- Celebrated!
Genesis	November 23rd	14 years- Celebrated!
Faithful Leigh	January 31st	5 years
Honour-Able	January 30th	3 years

We Got Married

It is a lot to sum in a small box, but I secretly planned and pulled-off a wedding and surprised Shameika with it! We eloped almost 20 years ago and she was never a traditional bride. The event was overwhelming for her and there are many photos that tell the tale. She wrote a summary of it and it is on The Colley House website as well as on her Facebook page. Of course I would love to talk about it. Just give me a call!

Prayer Requests

Please pray for:

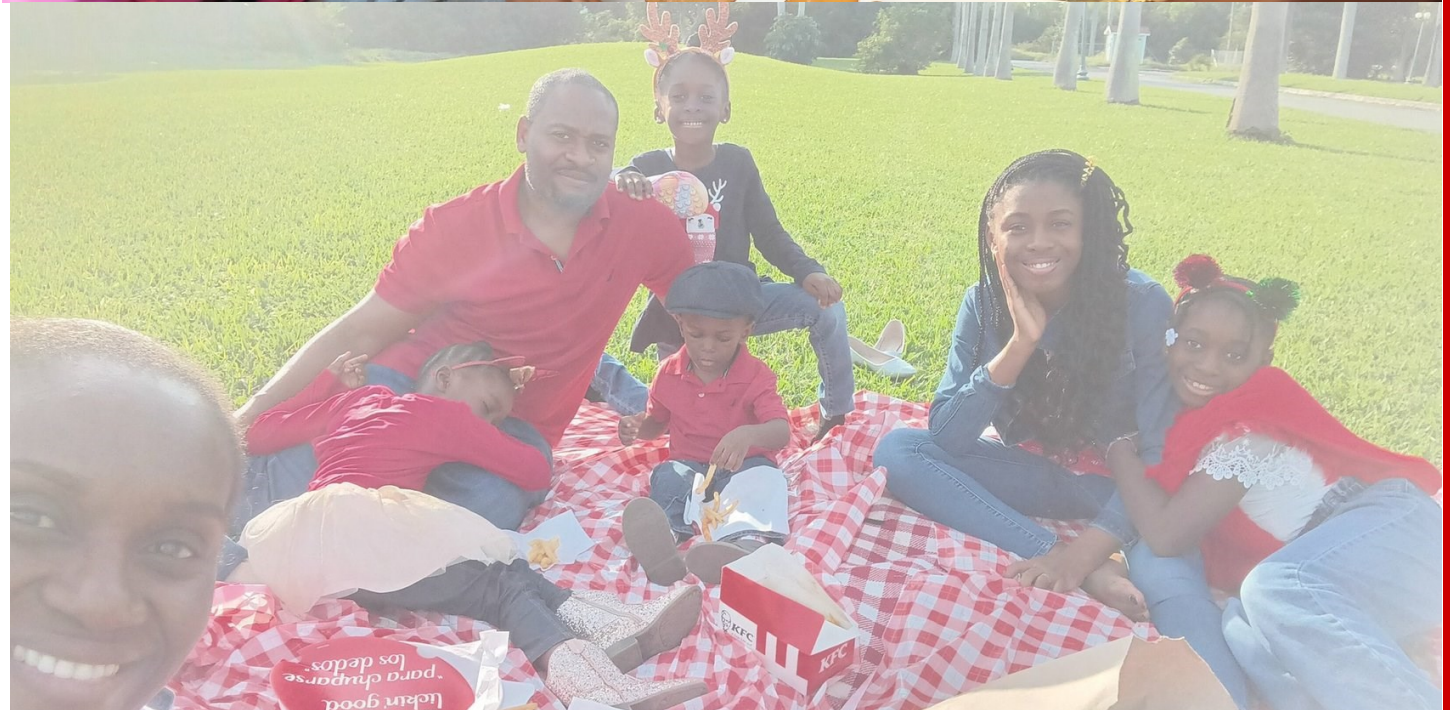

- ◆ Success with the 2024 goals especially Spark.
- ◆ Souls to be added to the body.
- ◆ Health for our family.

God bless you!

Tawara Hanna

Kidz Corner

KNEEL IN PRAYER
AS MANY TIMES AS YOU CAN
IN JANUARY, ACTUALLY KNEEL IN
PRAYER. ASK YOUR FAMILY TO
JOIN IN.

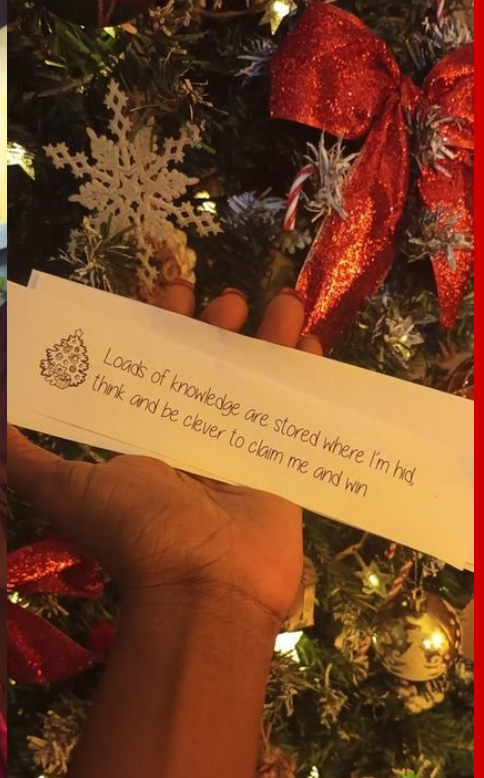

FAITHFUL

Faithful Leigh caught a virus and became very ill. *She was hospitalized for three days on Christmas Eve.* We had long days and nights, and delayed celebrations, but are thankful that she is well now and is finishing up breathing treatments on a nebulizer machine at home. The conclusive diagnosis based on chest x-rays was pneumonia on both lungs.
